

Ajna

These environmentally friendly LED garden and pathway luminaires, create a pleasant light distribution with a high degree of visual comfort. These luminaires offer shielded glare free illumination of ground surface and are perfect for illuminating garden and landscape architecture. Clean Lines and pure form are the underlying elements of this series of column light, designed to provide light emission of 360°.

Technical Specifications

- Luminaire made of extruded aluminium alloy (grade 6063) with die-cast aluminium components and non corrosive SS fasteners.
- Reflector system made of pure aluminium (painted / anodised) / polycarbonate.
- Non yellowing UV stabilized polycarbonate clear diffuser
- Silicon gasket
- GI mounting plate with an anchorage unit made out of hot dip galvanised steel for extra guarantee against corrosion. Luminaire can be aligned on the mounting plate around 360°.
- Cable entries for through-wiring of mains supply cable.
- Integral power supply
- Earth connection
- Safety class I
- Protection class IP65
- CE - Conformity mark
- Suitable for operation on 240V, 50Hz single phase ac supply.

Product Benefits

- High luminous efficiency at reduced wattage.
- Elegant, Robust design
- Soft diffused lighting protects pedestrians from glare and provides distinctive lighting with exceptional visual comfort.
- Sustainable LED technology offers durability and optimal light output with low power consumption.

Area of Application

Suitable for Private & Public areas, Illuminating Driveways, Pathways, Boulevard's, Entrances, Squares & Gardens.

Available Finish

Pure polyester powder coated Graphite grey / Black.

ID	Wattage	A	B
