

Karona Fort Mini

Karona Fort Mini pathway luminaires is a special purpose outdoor luminaire, integral model, totally weather proof aesthetically contoured. Improved long lasting protection against ingress of dust / moisture / insects inside optical compartment. Streamlined profile for lesser aerodynamic resistance.

Technical Specifications

- Luminaire comprises of specially contoured spun aluminium body featuring high strength and anti corrosion.
- Non yellowing, UV stabilised, convex type translucent / clear acrylic diffuser.
- Integrated with 30W LED.
- Suitable for mounting to internally threaded pipe of designation M30.
- Cable entries for through-wiring of mains supply cable
- Integral power supply
- Earth connection
- Safety class I
- Protection class : IP54
- CE - Conformity mark
- Prewired with LED driver and suitable for operation on 240V, 50Hz single phase ac supply.

Product Benefits

- High luminous efficiency at reduced wattage.
- Functionally versatile, strong and stable with sound engineering.
- Corrosion resistant and easy maintenance.
- Quick installation and low assembly costs.
- Sustainable LED technology offers durability and optimal light output with low power consumption.

Area of Application

Illuminating parks, Gardens, commercial complex, Pathways in residential buildings & office complex.

Available Finish

Pure polyester powder coated Black.

ID	Wattage	A	B
5187 A11	30W LED	Ø475	455
4955 A10	30W LED	Ø475	455

Note : A10-Convex diffuser Translucent. A11-Convex diffuser Clear

The luminous flux and the connected wattage quoted might change as a result of technical progress. For the latest technical information, Installation guidelines and product updates with LED service life please refer to the website at www.klite.in

Important Note : To ensure proper installation, kindly translate / communicate the installation instructions to a qualified electrician in their respective local language.
