

# Pelican Fort

Innovative Design options to provide Visual integration with the environment. High Brightness, LED Light source do not pose any environment risks. Designed for highest efficiency in terms of more lumens at reduced wattages contributing to a Greener World. Long life span with very low maintenance.

## Technical Specifications

- Luminaire made up of spun aluminium body
- Non yellowing, UV stabilised, clear acrylic V diffuser / clear acrylic convex diffuser / clear polycarbonate V diffuser.
- Suitable for mounting to internally threaded pipe of designation M30.
- Finished with pure polyester powder coated black.
- Cable entries for through-wiring of mains supply cable
- Earth connection
- Safety class I
- Protection class : IP65
- CE - Conformity mark
- Prewired with LED driver and suitable for operation on 240V, 50Hz single phase ac supply.

## Product Benefits

- High luminous efficiency at reduced wattage.
- Top cover retained by hinge for easy maintenance.
- Functionally versatile, strong and stable with sound engineering.
- Corrosion resistant and Maintenance free.
- Quick installation and low assembly costs.
- Sustainable LED technology offers durability and optimal light output with low power consumption.

## Available Finish

Finished with pure polyester powder coated black.

ID	Wattage	A	B
6791 A9 / A11 / A12	1 x 50W LED	Ø634	618 / 412 / 610
6799 A9 / A11 / A12	2 x 50W LED	Ø634	618 / 412 / 610

Diffuser option : A9 - V Diffuser Clear. A11 - Convex Diffuser Clear.  
A12 - Polycarbonate V Diffuser Clear.

 Asymmetrical Distribution.

The luminous flux and the connected wattage quoted might change as a result of technical progress. For the latest technical information, Installation guidelines and product updates with LED service life please refer to the website at [www.klite.in](http://www.klite.in)

**Important Note :** To ensure proper installation, kindly translate / communicate the installation instructions to a qualified electrician in their respective local language.
