

## Corrosion Dust & Jet Proof Luminaires

The specialised industrial dust proof luminaire is surface or suspended mounted. Protected against ingress of dust & vapour. Energy-saving and powerful lighting because of their unique features and strong technical aspect of the products each range of these luminaires are the perfect choice for lighting in various industries with energy saving options.

### Technical Specifications

- Housing made up of corrosion resistant polycarbonate.
- Rubber gasket, spring loaded toggle clamps to provide additional protection from dust & moisture ingress and for easy maintenance.
- Clear polycarbonate internal reeded diffuser providing dispersive light distribution.
- Reflector made from white powder coated MS galvano sheet.
- Suitable for surface and suspended mounting.
- Cable entries for through-wiring of mains supply cable.
- Integral power supply
- Protection class IP 65
- Prewired with electronic ballast and suitable for operation on 240V, 50Hz single phase ac supply.

### Product Benefits

- Versatile use. Simple Installation.
- Energy-saving and powerful lighting
- Designed for easy maintenance operation to reduce maintenance cost.
- Housing and optics made using high quality raw materials for better durability and illumination levels.

### Area of Application

Public / Under ground car parkings, Chemical industries, Food & Beverage industries, Dusty & wet industrial environment.

### Available Finish

Polycarbonate grey

ID	Holder	A	B	C
2870	T-5	1210	64	85
2871	T-8	1270	86	95

Suitable for LED lamps
