

Helia Cutoff

Decorative luminaire designed to provide rotationally symmetrical light distribution on ground surfaces. An elegant and efficient column with translucent diffuser enclosure to prevent glare and provide a unique, comfortable light choice.

Technical Specifications

- Luminaire made of extruded aluminium alloy (grade 6063) with die-cast aluminium components and non corrosive SS fasteners
- Reflector system made of spun aluminium (painted) / acrylic.
- High efficiency translucent acrylic prism diffuser for glare free, uniform light distribution
- Silicon gasket
- GI mounting plate with an anchorage unit made out of hot dip galvanised steel for extra guarantee against corrosion. Luminaire can be aligned on the mounting plate around 360°.
- Cable entries for through-wiring of mains supply cable.
- Integral power supply
- Earth connection
- Safety class I
- Protection class IP54
- CE - Conformity mark
- Suitable for operation on 240V, 50Hz single phase ac supply.

Product Benefits

- Practical . Elegant . Efficient
- Easy to maintain, robust and durable construction.
- Dark sky compliant protects pedestrians from glare, in addition to preventing spill light above the horizontal plane.
- Sustainable LED technology offers durability and optimal light output with low power consumption.

Area of Application

Suitable for Private & Public areas, Illuminating Driveways, Pathways, Boulevard's, Entrances, Squares & Gardens.

Available Finish

Pure polyester powder coated Graphite grey / Black.

Accessory

Hot dip galvanised mounting plate with four GI steel M16 fixing screws.

ID	Wattage	A	B	Mounting
