

Mirror Light

Wall mounting, Mirror lights is the perfect fit for all indoor lighting applications. Efficient & effective light output with high light uniformity.

Technical Specifications

- Luminaire made of Engineering plastics.
- Translucent reeded acrylic diffuser.
- Surface mounting on wall using hardware after connecting to the power supply.
- High lumen output, Integrated with LEDs.
- Cable entries for through-wiring of mains supply cable (max. 2 x 0.75 Sqmm)
- Integral power supply
- Safety class II
- Protection class IP 20
- **CE** - Conformity mark
- Prewired with LED driver and suitable for operation on 240V, 50Hz single phase ac supply.

Product Benefits

- High luminous efficiency at reduced wattage.
- Efficient & effective light output with high light uniformity.
- Attractive high quality housing & optics.
- Visual comfort with maximum energy saving.
- Sturdy construction in order to maintain performance of the luminaire and to reduce maintenance costs.

Available Finish

Standard Colour Silver

ID	Wattage	A	B	C
1596	5W LED	351	35	78
1597	10W LED	579	35	78

The luminous flux and the connected wattage quoted might change as a result of technical progress. For the latest technical information, Installation guidelines and product updates with LED service life please refer to the website at www.klite.in

Important Note : To ensure proper installation, kindly translate / communicate the installation instructions to a qualified electrician in their respective local language.
