

Polar - Vertical Mounting

Innovative Design options to provide Visual integration with the environment. High Brightness, LED Light source do not pose any environment risks. Designed for highest efficiency in terms of more lumens at reduced wattages contributing to a Greener World. Long life span with very low maintenance.

Technical Specifications

- Luminaire body made of MS rectangular tube anti-rust treated, both outer and inner finished with powder coated.
- Clear polycarbonate optical cover
- Suitable for mounting on swaged pipe to 52mm, 68mm & 81mm OD Pipe of 140mm height / 70mm Square Pipe / 90mm Square Pipe.
- 10KV surge protection
- Cable entries for through-wiring of mains supply cable
- Integral power supply
- Earth connection
- Safety class I
- Protection class : IP68 LED module
- CE - Conformity mark
- Suitable for operation on 240V, 50Hz single phase ac supply.

Product Benefits

- High luminous efficiency at reduced wattage.
- Functionally versatile, strong and stable with sound engineering.
- Corrosion resistant and Maintenance free.
- Quick installation and low assembly costs.
- The fixture and the driver are designed to provide value technology ideally suited to Indian conditions.
- Sustainable LED technology offers durability and optimal light output with low power consumption.

Area of Application

Illuminating parks, commercial complex, Street Lighting, Expressways, Highways, Courtyards.

Available Finish

Pure polyester powder coated Graphite Grey / Black.

ID	Wattage	A	B	C
5300	30W LED	600	63	120

For Area of Application, Accessory, Light Distribution & Installation Recommendation please refer to our website at www.klite.in

 Important Note : To ensure proper installation, kindly translate / communicate the installation instructions to a qualified electrician in their respective local language.
