

Palma - Adjustable

Innovative Design options to provide Visual integration with the environment. High Brightness, LED Light source do not pose any environment risks. Designed for highest efficiency in terms of more lumens at reduced wattages contributing to a Greener World. Long life span with very low maintenance.

Technical Specifications

- Luminaire body made of die cast aluminium with non corrosive SS fasteners.
- Clear tempered glass diffuser.
- Easy Installation with adjustable angle.
- Suitable for mounting on 89mm OD Pipe.
- Cable entries for through-wiring of mains supply cable.
- Integral power supply
- Earth connection
- Safety class I
- Protection class : IP65
- CE - Conformity mark
- Suitable for operation on 240V, 50Hz single phase ac supply.

Product Benefits

- High luminous efficiency at reduced wattage.
- Functionally versatile, strong and stable with sound engineering.
- Corrosion resistant and Maintenance free.
- Quick installation and low assembly costs.
- Sustainable LED technology offers durability and optimal light output with low power consumption.

Area of Application

Illuminating parks, commercial complex, Street Lighting, Expressways, Highways, Courtyards.

Available Finish

Pure polyester powder coated Black.

STREET LIGHTS

| ID | Wattage | A | B | C |
|------|----------|-----|-----|----|
| 4240 | 120W LED | 925 | 250 | 80 |

Asymmetrical Distribution.

The luminous flux and the connected wattage quoted might change as a result of technical progress. For the latest technical information, Installation guidelines and product updates with LED service life please refer to the website at www.klite.in

Important Note : To ensure proper installation, kindly translate / communicate the installation instructions to a qualified electrician in their respective local language.
