

**Features**

- Luminaire made of pressure die cast aluminium alloy with non corrosive SS fasteners.
- Designed for highest efficiency in terms of more lumens at reduced wattages contributing to a Greener World.
- Easy Installation suitable for mounting on 38mm dia pole.
- IP65 protection for optical / driver compartment.
- Ergonomic lighting distribution to achieve uniform illumination.
- Prewired with all accessories and suitable for operation on 240V, 50Hz single phase ac supply.

Minimalist Design . Powerful Performance

**Specification**

LED Brand	Lumileds / Osram
Colour Temperature	3000K - 6000K
Colour rendering index	> 80
Luminous flux(lm)	2600 / 3900 / 6500
Power consumption(W)	20W / 30W / 50W
LED efficacy(lm/W)	130 ± 10
Optics	Batwing
Ingress Protection	IP65
Optical cover	Polycarbonate
Certification	LM80 certified / RoHS

**Note :** Luminous flux and power consumption measurement allowance is ± 10%. CRI allowance is ± 5.

ID	Wattage	A	B	C
4177	20W LED	305	117	58
4178	30W LED	360	127	60
4179	50W LED	410	160	63
