Juno Hoop Lighting Poles

Juno Hoop Lighting Pole is a contemporary design that is both timeless and unique in its impression. Compact without visible mounting equipment and optimised integration. These assemblies are ideal for surroundings of contemporary architectural constructions.

Features :

- This architecturally designed pole are structurally sound, engineered to withstand adverse conditions.
- Pole section welded to base plate by certified welders using high end MIG welding processes.
- Built-in control box with cast aluminium service door and safety rope.
- The control gear tray is prewired with MCB, terminal connectors for loop-in / loop-out arrangement.
- Coated with epoxy zinc phosphate primer and finished using environmentally stable polyurethane based paint.
- Integrated with 60W LED and driver; suitable for operation on 240V, 50Hz single phase ac supply.

Benefits :

- High Brightness, LED Light source do not pose any environment risks.
- Designed for highest efficiency in terms of more lumens at reduced wattages contributing to a Greener World.
- Customised for your delight : Creating the entire product portfolio - Right from concept to completion, merging the best technology and practices in lighting.

ID	Luminaires	Wattage	Height	Mounting
KP-4835	Single	1 x 60W LED	4000	KP-61
KP-4836	Double	2 x 60W LED	5000	KP-62
KP-4837	Triple	3 x 60W LED	6000	KP-62

Mounting Details

The luminous flux and the connected wattage quoted might change as a result of technical progress. For the latest technical information, Installation guidelines and product updates with LED service life please refer to the website at www.klite.in

Important Note : To ensure proper installation, kindly translate / communicate the installation instructions to a qualified electrician in their respective local language.
