

# Sleek Polar Lighting Pole

**Sleek Polar Lighting Pole** is a contemporary design that is both timeless and unique in its impression. Compact without visible mounting equipment and optimised integration, Polar is in perfect continuity with the geometric lines of the square column. These assemblies are ideal for surroundings of contemporary architectural constructions.

## Features:

- Sleek polar lighting pole is designed for pathway lighting, integrated with 24W LED.
- This architecturally designed pole is structurally sound, engineered to withstand adverse conditions. Pole design parameters vary depending on the type of bracket and loading factor.
- All pole sections are welded using special v groove technique by certified welders using high end MIG welding processes.
- Built-in control box with service door including lock and safety chain.
- The control gear tray is prewired with MCB, terminal connectors for loop-in loop-out arrangement.
- Decorative Embellishment & Base cover at extra cost.
