

# Emperor Lighting Pole

**K-LITE**

Modern design of **Emperor** is forward thinking, energetic and contributes an air of confidence incorporating the elegant forms from last century. Emperor is designed to take over prime roads of the city. The design motivates the city to reach the heights of elegance.

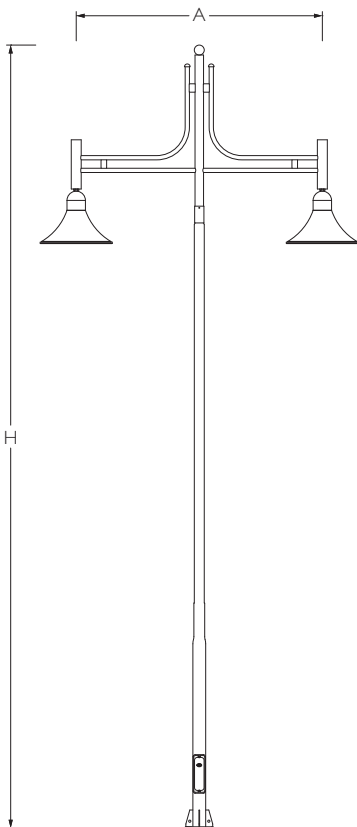

**Features:**

- Emperor pole with single / double arm is designed for street lighting, suitable for various pendant type street lighting luminaires.
- This architecturally designed pole is structurally sound. Pole design parameters vary depending on the type of bracket and loading factor.
- Pole sections are swaged and joint together using special v groove technique by certified welders using high end MIG welding processes.
- Built-in control box with cast aluminium service door and safety rope.
- The control gear tray is prewired with MCB, terminal connectors for loop-in loop-out arrangement.
- **CE** - Conformity mark

ID	Arms	A	H
KP-7175	Single Arm	1100	7000
KP-7176	Double Arm	2200	7000
