Swaged Pole

Halo is a contemporary arched design that are both timeless and unique in their impression. Superb strength characteristics make these products ultra reliable.

Features :

- Halo pole with single / double arm is designed for street lighting, suitable for various street light luminaires.
- This architecturally designed pole is structurally sound. Pole design parameters vary depending on the type of bracket and loading factor.
- Pole sections are swaged and joint together using special v groove technique by certified welders using high end MIG welding processes.
- Built-in control box with cast aluminium service door and safety rope.
- The control gear tray is prewired with MCB, terminal connectors for loop-in loop-out arrangement.
- CE - Conformity mark

Fixture Options
